Questions: robert.baillargeon@methodpark.com

Automotive SPICE Training. June 20th - June 24th Chicago

Learn the details of Automotive SPICE HIS scope or become a provisional Automotive SPICE Assessor

Automotive SPICE® v2.5 – HIS Processes

This course provides you with an overview of the HIS scope of Automotive SPICE®. Based on practical examples, the Automotive SPICE® model will be introduced from the perspective of a project manager or project employee. You will discuss the problems that can occur in an assessment and how the respective process improvement could look like.

intacs™ Certified Provisional Assessor (Automotive SPICE®)

This seminar prepares you to take the exam for qualification as an "intacs™ Certified Provisional Assessor (Automotive SPICE®)". You will become familiar with the Automotive SPICE® process assessment model, which is generally used for assessments in the automotive industry.
